EVENING TIMES.

CAIRO, FRIDAY, SEPT. 1, 1865.

THE CITY.

OUR CIRCULATION.

The Cairo Evening Times has a larger circulation in this city and county than any other paper published. By virtue of its circulation in the city, and in accord ance with the law of Congress requiring the "Letter List" to be published in the paper having the largest circulation within the range of the local Postoffice the Times has been awarded the printing of the Post-office Department as the following communication will evi-

Post Office, Cairo, July 10, 1865.

To H. L. Goodall, Esq., Editor and Publisher of the "Cairo Evening Times." Sis, -Your paper has again been selected in which to publish the "Letter List" of this office, on the ground publish the "Letter List" of this office, on the ground of its having a larger circulation than any other paper within the delivery of the Cairo Post office. You are authorized to continue the publication of said Letter List as heretofore, on the terms and conditions as specified in the Post Office law and instructions.

Respectfully, J. C. SLOO, Postmaster. See auction notice of Capt. A. C. Woolfolk, in another column.

ALL persons who have the misfortune to be suffering from catarrh, consumption or scrofula, are referred to an advertisement in to-day's TIMES. Consumption may be cured. Ditto catarrh and scrofula.

U CALLED FOR TELEGRAPH DISPATCHES .-Dispatches for the following named persons have been received to-day, and are uncalled for: Capt. J. N. Buck, S. D. Rule, J. E. Montgomery, A. S. McKinney, Sam'l Butler, C. T. Ames, Wm. J. Dugan, G. W. Willard.

COMMENDABLE PROMPTNESS .- The steamer Jonas Powell for the Tennessee river, left last night "on time," notwithstanding the delay occasioned by getting aground on the "Little Chain," below Metropolis. She had a good up freight, and we are pleased to learn that no small part of the same was ammunition—that article heretofore restricted from that trade.

Our carriers request us to say to the patrons of the TIMES that hereafter they intend to make their weekly collections on Saturday instead of Monday, as heretofore, which will, they say, convenience them materially in settling for papers at the office. We presume the arrangement will make no difference to our subscribers. Will our readers please remember the carriers every Saturday and have their nge ready?

The colored Festival which came off on last evening at the Gem Saloon was well attended-so we learn. The proceedings, which were of an interesting character, were participated in by all the leading colored peoplepreachers, barbers, Scott, saloon keeper, and our valued friend the local editor of the Democrat. The proceeds were large. We were not present, but understand that the affair passed off pleasantly—was, in fact, a credit to

PERSONAL .- Our old friend Harris (the "Co." of Fox, Howard & Co., of street filling contract) returned to the city last evening from New York. He looks as nice as a new pin. Welcome back! The "pale hoss" is wanted

Our friend Oscar D. Mooers, the capital artist, sign-painter, &c., has also returned to Cairo. O. D. is an excellent artist, and sure to make his mark-anywhere he lays his brush. M. says he has come to stay.

Ed. Trover is now local editor of the Demoerat, vice Scott, left for St. Joe. Ed. is sparkling as ever-as pun-gent, we should say.

OUR CORRESPONDENTS .- We publish, to-day, an interesting letter from our Baltimore correspondent "Howard"-interesting to our German population especially-giving as it does particulars of the great Schutzen Fest which came off recently in that city. Also another letter from St. Louis-from our associate editor, which is also of interest, especially that portion of it which refers to the Cairo and St. Louis Railroad. We also publish in this number the first of a series of historical reminiscenses from the pen of that eminent writer and respected citizen, Moses Harrell, Esq. Anything, whatever, that comes from Mose Harrell's pen is always read with interest. These sketches will be continued. To-morrow we shall give another letter from our correspondent, "Pen,"-descriptive of matters up the Tennessee-showing how to made money there, &c.

AMUSEMENTS.

CANTERBURY. - This "little temple of amusement," as Charlie Christic and Dick McGowan used to say, is going ahead swimmingly. The house continues to draw large audiences, and where there is so much originality, variety and excellence, people cannot fail to be pleased. One reason of Shields' success is, he acts honorably, pays his bills. He's the right man but not in the right-as he should have a better-

DID NOT COME OFF .- Owing to some hitch "that benefit" did not come off last evening. What money was taken in was returned at the door. Wonder what's the matter? A bird that can sing and won't, should be made to sing, says an old adage. How to make himthat's the question.

ARAB FIRE CO .- GRAND FESTIVAL .- This day is the anniversary of the Arab Fire Co., and they intend celebrating it to-night in a very appropriate manner at the Atheneum, with company exercises, history of the organization. address by J. Birney Marshall, Esq., song by Miss Howe, recitation by Dr. Meiggs-the evening entertainment to conclude with the laughable comedy of "The Swiss Cottage," in which Miss Mary McWilliams, Mr. Sharpe, Stanley and others will appear, all having kindly volunteered their services for this occasion. DANCE AT CITY HALL .- Joe Reynolds and Ed. Mulligan, of the Empire Saloon, will give a dance at the City Hall, on Friday evening, Sept. 1st. Wittig's band will furnish the music for the occasion. PROSPECTUS OF THE

CAIRO EVENING TIMES.

The subscriber having recently made extensive additions to the mechanical department of his office, added Steam Power and several Steam Presses, increased his editorial force, and enlarged the dimensions of his journal, rendering his office the most complete, and his pa- Emma Floyd, per one of the largest in Southern Illinois, deems this a farorable opportunity of presenting his claims to the business and reading community for patronage.

The TIMES will not be the organ of party or of party leaders, but the reflex of the opinions entertained by its proprietor. Its tone will always be harmonious with the best interests of the country, and will co-operate, politially, with the Administration of ANDREW JOHNSON, so far as the action of such Administration comports with ts past indications.

In this connection we might add, that we recognize the doctrine of State Sovereignty so far as such Sovereignty does not conflict with National Sovereignty or the Consti tution of the United States.

We pride ourself upon being an American citizenlook with pride upon the Flag of our Nationality, which, In perilous times we enlisted to defend-are unreservedly n favor of the perpetuity of the Government and unity of the several States-firmly believe in a Republican form and people. of Government and Democratic Institutions-look upon our country as our Mother and every patriot as a brother, and will shake hands with any and all who, regardless of party have an eye single to the perpetuity and honor of the Union-and favor a speedy reconstruction upon an

honorable and lasting basis. But the speciality of the Times will be the advancement of the business and commercial interests of Cairo and Alexander county, the building of proper roads leading from our city to the country, such as will enable the farmers of Alexander and Pulaski counties to approach our confines and fill our streets with their wagons, and our stores, dwellings and hotels with their products: to cause to be built railroads running from this city to St. Louis and Vincennes, and the construction of a network of roads such as the requirements of our people and

necessities of commerce unreservedly demand. A special eye will be kept upon all matters of local interest and improvement-notice made of every building erected, every store established, every manufactory built, ke., and every effort put forth to advance the Commer cial and Agricultural interests of Cairo, Southern Illinois,

SPECIAL NOTICES. TO OUR OLD CUSTOMERS AND THE PUBLIC. Certain parties who have recently engaged in the Ice

business in Cairo, are representing themselves as furnishing ice at lower rates than we can do. We wish all concerned to understand that we can and will sell at as low a price as any others, be they who they may. We have been steadily engaged in the business in Cairo for the last seven years, keeping a supply on hand winter and summer. Our business is here, and whatever of capital we possess is invested here, and here we intend to stay. We are no birds of passage-and no transient concern that comes to sell ice during the few hot summer months, and t'en leave for their own homes to enjoy the money made from the citizens of Cairo shall under-sell us. And we respectfully solicit the continued patronage we have hitherto had, and which we have endeavored to deserve by unremitting attention to the wants of our customers night and day, at as low rates as a reasonable profit would allow, when the business was in our hands and without competition.

Honors to Gov. Brough of Ohio-Over hundred steamers sold to Southern Waters. 3.The Powell left last evening well filled with freight

The Henry Ames and Emma Floyd were deeply lade and full of passengers. The Farragut had about 180 tons private freight, and

towed three barges containing 1,000 tons ice. The Silver Wave had a tow of empty barges to be lade with mules at Johnsonville.

The Vulcan and McPorter had barges containing abou 600 mules and 500 tons ammunition. The Charmer had a slim freight trip, but was full of people both ways.

The Alton discharged here 70 bales cotton, 25 sacks cotton seed, and a crowd of passengers. She has 477 boxes ammunition, 186 bales cotton, 8 hhds tobacco and several lots assorted freight for St. Louis. The Naugatuck had 957 bales cotton for Cincinnati The Lotus received here the mules which were unoaded from the unserviceable barge brought from John-

sonville by the Beaver and Porter. The flags on the fort and public buildings were displayed at half-mast to-day in honor of the deceased lov. Brough of Ohio. The condition of the northwestern rivers is thus s

There is The river is declining steadily at this point, There is a good stage, and to St. Paul a fair stage, but low water at an early date is considered certain. The Illinois is going down steadily. The Missouri is in bad condition. Every succeeding arrival gives a more deplorable account of the sand bars and snags. Boats go slow both ways, and much freight has been prematurely dis-

The weather here is dry and hot. Rain would be a blessing.

Business is fair. There is more freight offering here for the Missouri than the boats can take at once. Small boats will soon have it their own way. The Ohio is in the same condition as at last report.

The Tennessee is falling steadily with four feet to Johnsonville and 28 inches to Eastport. Here the decline goes on as usual, and we shall see the rivers at low water stage in a week or ten days unless rise comes down.

The weather continues sultry with occasional showers. FOR ST. LOUIS.-The splendid steamer Marble City, Capt. Jas. T. Tschudi, clerk Ad. Storm, is the regular line packet for St. Louis and way points this evening at 8 o'clock.

FOR NEW ORLEANS,-The magnificent steamer Magnolia, Capt. Geo. W. Cable, clerks Strader and Ryland, will leave here for New Orleans and all intermediate points this (Friday) evening, Sept. 1st, on the arrival of the train. This splendid steamer is one of the finest ever on the waters of the Mississippi river, and her officers intend that her fare and accommodations shall be in keeping with the steamer.

FOR LITTLE ROCK AND FORT SMITH DIRECT .- The will leave for the above and all intermediate points on the Arkansas river, this (Friday) evening, Sept. 1st, on the arrival of the train. Boat and officers are well worthy of a liberal patronage.

FOR EVANSVILLE.—The neat and commodious Sam. Orr, Capt. Frank Dusouchet, is the regular mail and passenger packet for Evansville and way points on the Ohio, this evening at 6 o'clock. The Armadillo is the next boat due from Cincinnat to be followed by the Marmora, Lady Franklin, Maggie

Hays, Caroline and Miami. The Leviathan, Clara Dolsen and Pauline Carroll are the next boats due from New Orleans Our thanks are due the officers of the Marble City and Sam Orr for manifests and late papers

MISCELLANEOUS. We copy the following from the St. Louis Democrat of time to run in Alabama river.

We have to report the death of Frank Thompson, a Missouri river pilot, which occurred last Monday morning at his residence at Greenhill, Montgomery county, Missouri. Deceased was a brother of Captain William Thompson, of this city. He was aged twenty-nine. He had been sick for about five weeks, from a cold contact the contact of the tracted while on duty. Frank Thompson was born on Third street, St. Louis, and well known as a quiet and

gentlemanty officer.

The Carrie Poole was sold at Evansville on Monday, to go South. This makes about one hundre! stern-wheelers that have, within about two months been withdrawn from the upper rivers to navigate the rivers of the South, and there is a demand for about fifty more. Some side-wheelers have also gone, and others are prefourths) paring to follow. The Dubuque Herald says:

Five car loads of pig-lead from Galena and Council Hill, arrived in Dunleith yesterday, and will be taken on the Pembina to-day, for St. Louis. The Wisconsin and Illinois mints are the only ones in this vicinity that are taking out any mineral.

COMMERCIAL.

SECRETARY'S OFFICE, CAIRO CHAMBER OF COMMERCE, September 1, 1865-1 P. M. It will be seen that our report to-day is materially changed in many staples, and we believe that its cor changed in-many staples, and we believe that its correctness will not be questioned. It must be remembered that in compiling our rates and prices we have to be governed by the lowest quotations from merchants in the absence of sales, and sometimes some of our patrons deem our quotations too low. Our object will be to inform shippers what they may reasonably expect to realize for their products, and the lowest rates at whice the same is sold in their market may be generally considered to be the prevailing price. For instance, to-day, some of our commission men are holding eggs at 24c and others are selling at 20c per doz; there is a large stock on hand and prices must go down. Now to quote eggs at 24c under the circumstances would mislead shippers and cause them to lose confidence in us and in their consignees.
